Quotes from javelin winner Brian Crouser:

"I'm ready for a breakthrough, my consistency was good, but I'm looking for more distance. When I hit my first throw I was right at the line, it was a fast runway and very springy. I was hoping for the wind to pick up and blow into our faces, my javelin rides better when I throw into the wind. Instead, during the finals, the wind stayed at our backs and I felt very flat for my last few throws."

Ken Flax, Oregon, winner of hammer throw: "Last year it was my trademark to come from the back and that's what I did tonight. Tore peaks early so I was making come-from-behind scenarios all week in practice. I never came out on top in them but tonight I did." On the final throw I felt relaxed but technically it wasn't ver good because I was still moving around after I threw. I was pressi-mistic coming into the event but that's usually when I do my best."

Karl Van Calcar, second place in steeplechase: "I stayed behind Tuwei to have him break the wind for me. I made my move with 2 laps to go and got passed with half a lap to go. I wished to have pushed him harder."

"I don't lead races that often, but I thought I'll never get a fast time staying in the back. All I wanted to do was get to the front of the pack, either first or second. I just wanted a chance to kick. I expected it to be faster at the half, like 52 or 53." This shows me I can lead and keep a good pace going. I thought those guys were two or three feet behind me. You can usually tell by the crowd noise. The louder it gets the more trouble you're in."

Quotes from the 110 and 400 meter hurdles winner Steve Kerho:

About the 110:

"After the first hurdle, the groin pull began to tighten up a lot. I was unsure if it was going to hold up so I didn't push hard in the final 4 hurdles. I had to come back in the 400."

About the 400:

"It was a tough race. I didn't open up in the first hurdle but in the second it felt good. Kevin (Young) was right there so it made for an interesting backstretch. When it comes to the back straightaway it's all guts and I like that."

About ~~the~~ both:

"It was a tough mental double more than anything else. It showed me the injury is not bad enough that I can't run both."

Quotes from high jump winner Maurice Crumby:

"I felt nervous at first but I picked up after the first jump. This was my best night meet ever. At 7-5 I was worn down a bit but I still thought I could do it. On the last attempt, I overextended and my right ankle rotated too much. The crowd had a lot to do with my jumping. Up to 7-5 I was feeling really good and technically I was doing well. But I got tense going over the bar in the final three jumps. I have to get more aggressive going over the bar."

Quotes from triple jump winner Ken Williams:

"On the last three jumps things were going crazy. I got cold after the wait for the finals (45 minutes). I just had to go for it (on the last jump). I couldn't be runner-up for third year in a row. I probably would have been looking for a nice tall tree. I just wanted to get out around 52-6 because I didn't think the competition would go much farther."

Quotes from discus winner Todd Kaufman from Arizona:

"I definately thought it would take a PR to win the ~~xxxx~~ event. The throw was far from being perfect. It turned over. I had no clue how I was going to do because I was frustrated but this week I put it all together. The crowd was very important to me because this was ~~xxx~~ my last meet. "

Quotes from Washington State Coach John Chaplin:

"I've been coaching for 14 years and ~~never~~ won a 400 relay. I was a sprinter. In my mind anyone who runs more than one lap is mentally retarded."
