MIKE RAMOS OF WASHINGTON:

"The record wasn't one of my goals this year. I looked beyond it. So it was gravy and I'm happy to have it. I'm more interested in the American record (8634 by Bruce Jenner). I wanted to score 8500 points today and I thought I'd be close to doing that. As it turned out, I was. I went out too fast in the 1500, going 69 seconds instead of 73. That took its toll on the third lap...I had a great first day...Yesterday was the first time I high jumped this year and this was supposed to be a meet where I worked the bugs out in the high jump. It's coincidence that I PR'd in it (7-1)...The last six weeks in a row I've no-heighted in the pole vault. It was a little scary on my third jump at 15-1, but I'm confident at that height."

QUOTE FROM TORE GUSTAFSSON, WINNER: "I thought if I would throw 252 on the first throw, I would know I'd won. I just couldn't do it. Today I don't know what happened. All of my throws except the first one felt pretty good. My first one (his best) felt like bleep. I wasn't concentrating--not at all. I wanted him (Flax) to throw 250 on his first throw. I didn't want to throw here. I thought we'd be at Cal State L.A."

QUOTE FROM KEN FLAX, RUNNER-UP: "I just tightened up a little too much. I knew there was something wrong, I didn't feel nervous. I found myself wandering off. Sometimes there was no concentration. (Responding to Gustafson calling Flax a jinx): He can call me what he wants, he's going to have to put up his dukes at the NCs. He knows I mean business. Everything is pointing toward a breakthrough for me."

TEAM SCORING AFTER EIGHT EVENTS: WSU 69, ORE 68, UCLA 53, WASH 19, STAN 12, USC 9,
CAL 8, ARIZ 6, OSU 2, ASU 1

MARK McMONIGAL, Oregon:

"I was surprised the race went out so fast. I was glad we slowed down. because I ~~was~~ felt confident with my speed. I wasn't confident until Curt Corvin (of Washington) fell off the pace. The last mile I thought I had a good chance of winning."

JOHN CHAPLIN, WASHINGTON STATE COACH:

"We've got our 71 points (acutally 69). UCLA has too much depth and I'm not ge getting any help I needed help in the sprints. They'll have nine million guys out there tomorrow."

BOB LARSEN, UCLA COACH:

"It went very well today, extremely well. We had a good day and got the people qualified we wanted. Point-wise we are right where we wanted to be after the first day. Oregon had a real good day, they should be very happy.

ERNIE BULLARD, USC COACH

"Obviously, we had a couple of major disappointments today. The dropped baton in the sprint relay was devastating to us and the pole vault was a disappointment, too. But on the other side, it looks like Mike Dexter is really ready to run tomorrow and I think Robert Reading will be in the thick of things, too. Like anything else, you have some good and some bad, and you have to deal with it. We have enough people qualified to do something Saturday, though. Our goal is to finish in the top five.

BILL DELLINGER, OREGON COACH:

"I think the fact we have 13 people qualified for the NCAA shows we have depth and will score well. Us, Cal and Washington State are in it for second. I think we have better balance than in quite a while. I think we'll score well tomorrow. It looks like UCLA will be tough to catch."
